

Features & Benefits

Feature	Benefit
Zones	Maintains wine at their proper serving temperature Top Approximately 55°F (Red) Middle Approximately 50°F (White) Bottom Approximately 45°F (Sparkling) Safely stores three or two types, or a single type, of wine
Stable temperatures	Stable, consistent temperatures provide longer-term storage capability.
Touch Control Digital Technology	<ul style="list-style-type: none"> Elegantly integrated into the bottom maple-trimmed wine rack Provides ability to set the middle temperature and see the temperatures in all three temperature zones Manages key model functions and provides user alerts
Black interior	Elegant visual appearance
Full overlay door frame	User to install their own 2-1/4" -wide custom wood door frame and door pull to match surrounding décor
Adjustable on/off interior light	<ul style="list-style-type: none"> Automatically illuminates when the door is opened May be manually turned on when door is closed for viewing one's wines Auto shut-off after four hours Recessed so as not to interfere with access to wine
Open door alarm	Audible alert when door is left open
Full extension slide-out vinyl-coated wine racks	Allow for easy access to all wine bottles and prevents bottles from slipping
Contoured maple-trimmed wine racks	Wood can be stained or replaced with a solid surface material to match surrounding décor.
Maple-trimmed display rack	This lower positioned display rack slants your wine bottles at an approximate 40° angle, allowing for an elegant presentation of your wine.
Built-in	Provides custom look. No additional clearance around sides, top or rear of unit for ventilation. Do not obstruct front grille.
Tinted, thermal glass door	Protects wine from potentially harmful ultraviolet light rays
Self-closing door	Ensures a positive door seal and prevents door bounce back
Field-reversible doors	Flexible installation options
Black vinyl-clad cabinet and black grille	Textured look, more resistant to scratching, peeling or flaking
Leveling legs	More precise undercounter fit, durable, factory-installed
Sabbath or "Black Out" mode	Easily turn off all lights and control displays. Automatically resets after 36 hours.
Contemporary grille design	Integrates seamlessly with surrounding cabinetry
