

SBC15BEER

34.25" x 15" x 22.5" (H x W x D)

15" wide, built-in, commercially listed kegerator, auto defrost with digital thermostat, stainless steel door, black cabinet, sealed back, front lock, and includes all equipment necessary to dispense beer

Highlights:

15" wide design makes it ideal for smaller residential and commercial settings

Listed to NSF-7 standards and meets UL 471 for commercial use

Designed for built-in installation under the counter

Product Features:

15" wide design	Slim-fit design complements smaller commercial and residential spaces
Commercially approved	ETL-S listed to NSF-7 standard and meets UL-471 for use in commercial settings
Built-in capability	Make the best use of space by installing your appliance under the counter; NOTE: if installing flush with wall or cabinets, unit will require an extra ¼" of space due to the door design. For more information, see the user manual
Complete tap kit for serving beer	Commercially approved tap kit includes a stainless steel tower, Co2 tank, and regulator
Co2 tank included	5 lb. Co2 tank included (ships empty)
Beer dispenser	2.9 cu.ft. interior can accept a 1/6 (sixtel) barrel keg or a pony keg
Automatic defrost	Reduced user maintenance with auto defrost operation
Digital thermostat	Electronic controls ensure easy temperature management, with an external readout in Celsius or Fahrenheit
Tap cool system	Keeps cold air flowing to the tower for consistently cold beer
