

STANDARD FEATURES & BENEFITS

Bar Equipment

EBB, EBD, EBC & EGC – Series

Reference Model : EBD3-BBG

Interior

Exterior

Door lock

Tamper-free, heavy duty door lock provides security options for any situation. (Ratchet lock standard for EBC / EGC models)

Detachable Drip Tray

Stainless steel drip tray detaches freely for effortless cleaning.

Beer Draft Tower

NSF approved 3" diameter insulated stainless steel draft arm in single or double faucet variant come with matching air distributor.

Space-Saving, Oversized Fans

Powerful evaporator fans provide optimal interior cooling and are left mounted to allow for more cabinet space.

Recessed Door Handle

Solid doors come with a recessed handle for a maximized work space.

Cold Air Hose

Large-diameter hose injects a generous flow of refrigerated air to the draft tower for ice cold beer from the first drop to the last. (see page 144 for more details)

Slide-Out Condensing Unit

Side mounted condensing unit slides out in a few simple steps for easy accessibility during maintenance and repairs. (see page 142, figure C for more details)

Heavy Duty Door Hinge

Thick gauge metal hinge provides a stable base to doors.

Detachable Drain Hose

External drain hose is easily detachable for effortless cleaning and maintenance.

Stainless Steel Floor

Sanitary, high quality stainless steel floor is durable and easy to clean.

Heavy Duty Door Handle

Glass doors come with a chrome-plated steel door handle that is both durable and elegant.

Double Pane Glass Door

Low emissivity, double pane glass door reflects UV rays for superior insulation and energy efficiency.

LED Lighting

Brilliant LED lighting improves product visibility, reduces energy costs and lowers heat generation.

Heavy Duty Door Threshold

Durable, stainless steel door threshold protects door frame when loading and unloading heavy contents in the cabinet.
