

24 Oz. Mason Jar
PRE-FERMENTATION

**Use a larger sized Mason jar to
catch all of your pre-fermentation
trub and hops.**

16 Oz. Mason Jar YEAST STARTER AND PRIMARY

Use a mason jar as a yeast starter, attach and open the valve to pitch. Leave this attached to catch all of the primary fermentation trub.

8 Oz. Mason Jar
YEAST HARVESTING

**Attach a smaller jar during
secondary to catch all of your
viable yeast for later use.**
