

# SWC007

32.25" x 5.88" x 20.75" (H x W x D)

6" wide ADA compliant built-in undercounter commercial wine cellar designed for the display and refrigeration of beverages, with digital thermostat and LED lighting

### Highlights:

Unique 6 inch width lets you transform the smallest space into convenient wine storage and display

32 1/4" height allows placement under most ADA compliant counters

Front-breathing design for built-in installation

### Product Features:

|                                      |                                                                                                               |
|--------------------------------------|---------------------------------------------------------------------------------------------------------------|
| Slim 6 inch width                    | Perfectly sized to complete any extra undercounter space                                                      |
| Designed for built-in use            | Make the best use of space by installing your appliance under the counter                                     |
| ADA compliant                        | Sized at 32 1/4" high to fit under most lower ADA compliant counters                                          |
| Commercial design                    | Meets UL-471 commercial standards                                                                             |
| Height adjustable                    | Leveling legs can be adjusted to raise the height up to 34.25" for an appropriate fit under standard counters |
| Glass door with stainless steel trim | Provides a full display of your stored collection with a heat-safe double tempered design                     |
| Digital thermostat                   | Electronic controls for precise temperature management                                                        |
| 7 bottle capacity                    | Interior can hold up to 7 Bordeaux style bottles. Most wider Burgundy style bottles fit as well               |
| Open bottle storage                  | The floor slight is slightly angled, allowing you store bottles that have been uncorked at a gentle tilt      |
